REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 7 and 17-22 are allowed over the cited prior arts and renumbered to claims 1-7.

Robbins et al. (US 4626429) teaches a method of using polyamides useful to condition human hair having the formula shown in col. 6, lines 1-5, wherein A of the formula is alkyl of 1-20 carbon atoms or hydrogen, T is methyl or hydrogen, R is a neoalkyl of 4 to 13 carbon atoms, n is from 1-40. While the reference is specifically directed to the benefits of the polyamides to the hair (decreasing flyaway, increasing ease of combing and hair luster), the reference does not teach or suggest, either explicitly or implicitly, using the polyamides to treat skin as presently claimed by instant claims. It is viewed that the present invention is viewed novel and nonobvious because one of ordinary skill in the art at the time would not have been motivated to use the present invention for the skin treatment method of the instant claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to GINA C. YU whose telephone number is (571)272-8605. The examiner can normally be reached on Monday through Friday, from 9:00AM until 5:30 PM.
